- ❖ POP's Removals
- ❖ Confidential Waste Destruction

BASIC TERMS & CONDITIONS 2025 *revised Feb 2025*

Due to recent changes again introduced by the Environmental Agency please read through this carefully to understand the changes we have had to make.

Please read the following carefully to avoid any returned skips or surcharges that will automatically apply....

The contents of the skip are the responsibility of the hirer.

WE DO NOT ACCEPT ANY MAN-MADE TILES (with the exception to concrete & ceramic) OR SLATES (FLOOR OR ROOF) OF ANY FORM. If in doubt please contact us to avoid the returning of your skip.

With the ever-increasing volume & frequency of **ASBESTOS** being found in the skips we have had to implement the following to protect our staff and cover **OUR ADDITIONAL** costs. If any product that could potentially contain asbestos is found in the skip a £100 surcharge will **AUTOMATICALLY** apply.

The only reliable way to determine if tiles contain asbestos is to have a sample tested by a qualified laboratory, as you cannot visually identify asbestos fibers with the naked eye; if you suspect asbestos in your tiles, especially if the building is old, it's best to assume they may contain asbestos and get them tested before disturbing them.

PLUS A MANDATORY MINIMUM CHARGE OF £75.00 PLUS VAT PER BAG OF ANY POTENTIAL ASBESTOS OR MAN MADE TILES/SLATES EITHER (FLOOR OR ROOF) WILL APPLY. You will have to arrange collection of the material from our yard by close of business the same day. If larger quantities are found the skip will be returned to the address it was collected from. An additional charge for delivery & collection of the skip will apply with a weekly rental of £20 per week until the product had been removed and the skip returned.

All fines & fees quoted above are plus VAT.

PLASTERBOARD A couple of bags that have been separated can be placed on top of the skips. For larger quantities either a separate skip or collection by our transit tipper can be arranged.

NON-ACCEPTED HAZARDOUS WASTE – The following are not permitted within the skip and surcharges will apply if any of the following are found within the skip once tipped at our site, they may be removed before transporting if seen in the skip. **Asbestos, Tyres, Refrigerators, Freezers, Gas Bottles, Toxic Substances, Batteries, Tins Containing Paint, Any Liquids, TV's & Computer Monitors, POP's** (see below). (Most of the above can be collected by separate arrangement with our man & van service for an additional fee).

WASTED JOURNEY – We have the right to charge £75 plus vat for a wasted journey.

SINGLE PRODUCT SKIPS must only contain the stated waste, full price will be charged for a mixed waste skip.

NO FIRES IN THE SKIPS LEVEL LOADS ONLY NO FOOD WASTE
NO FLUORESCENT TUBES SAFE AND LEVEL LOADS ONLY

Our full terms and conditions can be found along with more useful information on our website www.axeskiphire.co.uk

POP's – Persistent Organic Pollutants – soft furnishings

They are an organic substance that persists in the environment, accumulate in living organisms, and may cause long term adverse effects on our health via food chains and the environment. Items containing POP's **are banned from landfill**. So are no longer permitted within a mixed skip. **Single skips for this product will be available at an additional cost by weight.**

Alternatively, they can be collected individually by The Bulk Collection Service/Man & Van along with the Fridges/Freezers, TV's, Computers.... etc
For an additional cost.
